**NEW EUROFINS MADISON FACILITY BREAKS GROUND
AND WILL HOST UPCOMING CEREMONY**

MADISON, WI – Eurofins Madison is excited to announce that it has begun construction on its new facility, which will take place over the next eighteen months with a scheduled opening of spring 2021. The 108,000 square foot facility, with over 400 employees, will be located at 6304 Ronald Reagan Avenue in Madison, WI.

This will be the second largest construction project Eurofins has ever undertaken. The new facility will be the flagship food testing laboratory globally for the company. Eurofins Scientific is an international life sciences company which provides a unique range of analytical testing services to clients across multiple industries. The Group believes it is the world leader in food, environment, pharmaceutical and cosmetics products testing and in agrosience CRO services.

Interview and photo opportunities:

Media is welcome to attend the upcoming, local groundbreaking ceremony. Satya Rhodes-Conway, Mayor of Madison, will be attending the event, along with other local city officials. Representatives from Eurofins, as well as those from the project's design and construction teams, will be in attendance to speak about the project's importance to the local community.

Photo opportunities will also be available.

Who: Ross Gulotta, President, Eurofins Food Integrity & Innovation, and Satya Rhodes-Conway, Mayor of Madison, will share special remarks.

When: Tuesday, September 10th at 12 PM

Where: 6304 Ronald Reagan Avenue, Madison, WI 53704

Parking for the event will be along Ronald Reagan Avenue.
