

HEALTHCARE

Findorff's decades of experience in the health industry gives clients more value per square foot. Here are just some of the ways we add value to clinics, hospitals and healthcare administrative offices:

- » A preconstruction team dedicated exclusively to healthcare projects
- » Expertise working in noise-sensitive occupied spaces
- » National recognition from *Modern Healthcare* for outstanding work
- » On-staff health industry leaders who are actively involved in local and national health-specific associations and trade groups
